**MEMORANDUM OF AGREEMENT TO DEVELOP A JOINT, COMPREHENSIVE WATERSHED MANAGEMENT PLAN FOR THE SOUTH FORK OF THE CROW RIVER (ONE WATERSHED ONE PLAN PLANNING AREA 13)**

This Agreement is made and entered into by and between:

The Counties of McLeod, Renville, Meeker, Kandiyohi and Wright, by and through their respective Boards of Commissioners; and

The McLeod, Renville, Meeker, Kandiyohi, Wright and Carver Soil and Water Conservation Districts, by and through their respective Boards of Supervisors; and

The City of Winsted, by and through its Council; and

The Buffalo Creek Watershed District, by and through its Board of Managers.

Collectively referred to as the "Parties."

The County-parties to this Agreement are political subdivisions of the State of Minnesota with water resource planning authority and obligations under Minnesota Statutes Chapter 103B; authority to carry out environmental programs and implement land use controls under Minnesota Statutes Chapter 375; and other water resource management and project authorities as otherwise provided by law.

The Soil and Water Conservation District (SWCD)-parties to this Agreement are political subdivisions of the State of Minnesota with water resource planning authority and obligations as well as authority to carry out erosion control and other soil and water conservation programs, pursuant to Minnesota Statutes Chapter 103C and as otherwise provided by law.

The City-party to this Agreement is a political subdivision of the State of Minnesota with authority, pursuant to statutes chapter 462, to regulate land uses; acquire property interests for conservation purposes; provide for the protection of recreation, agriculture, forestry, soil conservation, water supply conservation, conservation of shorelands and flood control; and to plan for, adopt goals and objectives for, and establish standards, procedures and regulations for the preservation of agricultural, forest, wildlife, and open space land and the minimization of development in sensitive shoreland areas.

The Watershed District-party to this Agreement is a special purpose unit of local government with water resource planning authority and obligations; authority to carry out environmental programs and implement land use controls; and other water resource management and project authorities as provided in Minnesota Statutes Chapter 103D and as otherwise provided by law.

The Parties have a common interest in developing a comprehensive watershed management plan for the South Fork of the Crow River (One Watershed One Plan Planning Area 13) Watershed to conserve soil and water resources through the implementation of practices, programs, and regulatory controls that effectively control or prevent erosion, sedimentation, siltation and related pollution in order to preserve natural resources, ensure continued soil productivity, protect water quality, reduce damages caused by floods, preserve wildlife, protect the tax base, and protect public lands and waters.

The Parties enter this Agreement for the specific goal of developing a plan pursuant to Minnesota Statutes § 103B.801, Comprehensive Watershed Management Planning, also known as *One Watershed, One Plan*.

Based on the foregoing, which shall be incorporated into and made part of this Agreement, the Parties agree as follows:

1. **Purpose:** The Parties to this Agreement recognize the importance of partnerships to plan and implement protection and restoration efforts for the South Fork of the Crow River (One Watershed One Plan Planning Area 13) Watershed. The purpose of this Agreement is to collectively develop and adopt, as local government units, a coordinated and comprehensive watershed management plan (the Plan) for implementation per the provisions of the Plan. Parties signing this agreement will be collectively referred to as the South Fork of the Crow River Watershed Planning Group.
2. **Term:** This Agreement is effective upon signature of all Parties and the award of a planning grant for development of the Plan, in consideration of the Board of Water and Soil Resources (BWSR) Operating Procedures for One Watershed, One Plan. This Agreement will remain in effect until adoption of a Plan by all parties, unless canceled according to the provisions of this Agreement or earlier terminated by law.
3. **Adding Additional Parties:** A qualifying party desiring to become a member of this Agreement shall indicate its intent by adoption of a board resolution prior to December 31, 2021. Each additional party, if any, agrees to abide by the terms and conditions of this Agreement; including but not limited to the bylaws, policies and procedures adopted by the Policy Committee as established herein.
4. **Withdrawal of Parties:** A Party desiring to withdraw from this Agreement shall indicate its intent in writing to the Policy Committee in the form of an official resolution of its governing body. Notice must be made at least 30 days in advance of the intended date of withdrawal.
5. **General Provisions:**

pertaining to this Agreement or to the facilities, programs, and staff for which the Agreement is responsible.

- b. **Indemnification:** Each party to this Agreement shall be liable for the acts of its officers, employees or agents and the results thereof to the extent authorized or limited by law and shall not be responsible for the acts of any other party, its officers, employees or agents. The provisions of the Municipal Tort Claims Act, Minnesota Statute Chapter 466 and other applicable laws govern liability of the Parties. To the full extent permitted by law, actions by the Parties, their respective officers, employees, and agents pursuant to this Agreement are intended to be and shall be construed as a “cooperative activity.” It is the intent of the Parties that they shall be deemed a “single governmental unit” for the purpose of liability, as set forth in Minnesota Statutes § 471.59, subd. 1a(a). For purposes of Minnesota Statutes § 471.59, subd. 1a(a) it is the intent of each party that this Agreement does not create any liability or exposure of one party for the acts or omissions of any other party.

The Parties further agree that records prepared or maintained in furtherance of the agreement shall be subject to the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13. At the time this agreement expires, all records will be turned over to the McLeod County SWCD for continued retention in accordance with its records retention policies.
- d. **Timeliness:** The Parties agree to perform obligations under this Agreement in a timely manner and keep each other informed about any delays that may occur.
- e. **Extension:** The Parties may extend the termination date of this Agreement upon agreement by all Parties.

6. **Administration:**

- a. **Establishment of Committees for Development of the Plan.** At a minimum, the Parties shall establish a Policy Committee and an Advisory Committee. The Policy Committee will be responsible for initiating a formal review process for the watershed-based plan conforming to Minnesota Statutes Chapters 103B and 103D, including public hearings. Upon completion of local review and comment, and approval of the Plan for submittal by each Party, the Policy Committee will submit the Plan to BWSR for review and approval.
